

# CUIVRE RIVER RETRIEVERS

## HIP AND EYE GUARANTEE

### Guarantee

The puppy you are purchasing on \_\_\_\_\_ is guaranteed to be free of hip dysplasia and hereditary eye defects.

For hip dysplasia: The dog should be x-rayed between 24 and 28 months of age by an approved veterinarian (animals older than 28 months are not covered by this guarantee). A second x-ray or a second opinion by a veterinarian of Cuivre River Retriever's choice may be requested.

For hereditary eye defects: The dog must have been examined by 28 months of age by a Certified Veterinary Ophthalmologist. No dog over 28 months of age is covered. The ophthalmologist must state that the defect is definitely of a hereditary nature, and not caused by injury or illness.

If your puppy is certified to be dysplastic by O.F.A. or has hereditary eye defects, the dog will be replaced with an approximately seven week old puppy, same color/same sex, from a similar breeding or your money refunded at our choice provided that:

1. The dog is sterilized and the owner submits proof in writing from a veterinarian. No replacement pup will be shipped until this surgery is performed and proof is submitted.
2. The dog must not have been used for breeding purposes until x-rayed and approved by O.F.A. If the dog is bred before being approved, the guarantee is **VOID**.
3. No dog will be guaranteed unless it carries either the name **Cuivre River's** or the word **Cuivre's** in its registered name. Cuivre River Retrievers is NOT a "REGISTERED" AKC or UKC Kennel name, and may/must be used in the dog's registered name on the registration form for this guarantee to be in force.
4. The dog may not have been transferred or sold from the original owner.
5. If Cuivre River Retrievers replaces the dog, Cuivre River Retrievers may, at its option, request the original dog be sent back to Cuivre River Retrievers in exchange for the replacement puppy.

6. This guarantee is valid on the original dog purchased. There is no guarantee on any replacement pup.
7. Cuivre River Retrievers does not guarantee dogs for anything other than what is stated above, and specifically is not selling ANY dog for breeding purposes. The dog is sold with a FULL registration, breeding is optional for the new owner, but no other genetic issues are covered by this guarantee.
8. Cuivre River Retrievers may request additional opinions from other professionals, and all medical records must be furnished if requested.
9. Cuivre River Retrievers WILL NOT pay for shipping, health certificates, crates, and any other expenses having to do with replacing a puppy. All those costs will be born by the person receiving such pup.
